HALAL CERTIFIED

BENEFITS

- Cleanses and moisturizes
- Protects natural pH balance
- All-natural ingredients
- Ideal for sensitive skin
- Residue-free formula
- Unique formulation and concentration
- Made with herbal extracts

CLEANSE, MOISTURIZE, AND NOURISH YOUR SKIN

Like no ordinary soap you've ever used, Oi-Lin® Liquid Soap is pure liquid luxury in a bottle. Its rich formula works well on all skin types—even dry or extra sensitive skin—and gently cleanses without compromising the natural pH mantle of the skin or stripping the protective lipid barrier. Enriched with soothing botanical emollients and other natural ingredients, it moisturizes while it cleanses, leaving skin clean, soft, and smooth, never dry or chapped. Use Oi-Lin® Liquid Soap in the sink or shower for a refreshing, skin-nurturing experience.

PHILOSOPHY OF REGENERATION®

Oi-Lin® Liquid Soap is designed to work in harmony with the body to promote healthy skin and natural beauty. Soaps and facial cleansers with detergents and harsh ingredients may leave your skin feeling "squeaky clean," but they're damaging to the acid mantle. Oi-Lin® Liquid Soap thoroughly cleanses while protecting the delicate pH balance. Safe, effective, and with a fresh, clean, natural scent, it's the ideal soap for the entire family.

INGREDIENT HIGHLIGHTS

PANAX GINSENG ROOT EXTRACT

Studies have shown this herb's effectiveness in fighting the appearance of wrinkles due to its ability to support skin-firming collagen. The herb also acts as an appearance whitener, giving the skin a brighter and more youthful appearance.

ALOE VERA GEL

Aloe vera is rich in vitamin C, E, and beta carotene, which gives it its nourishing and anti-aging qualities. It moisturizes the skin without making it greasy, so it's suitable for those with oily skin.

ROSEMARY LEAF EXTRACT

This beauty-enhancing herb contains powerful antioxidants that diminish the skin-damaging effects of free radicals. The stimulating properties of rosemary may also help support elasticity, making skin look firmer and more supple.

FAQS

Q: Why is Oi-Lin® Liquid Soap superior to other soaps?

A: Many commercial soaps use synthetic ingredients and overpowering artificial fragrances, and they often contain harsh ingredients that strip the natural oils from skin, which can cause excessive dryness, making the skin more susceptible to infection and irritation. The chemicals contained in the fragrances in scented soaps can cause additional problems.

In healthy contrast, Oi-Lin® Liquid Soap is expertly formulated with natural ingredients such as rosemary extract, aloe vera, panax ginseng root, cucumber extract, and orange peel extract. Oi-Lin® Liquid Soap keeps the natural acid mantel on the skin intact, which enables it to retain moisture better.

RECOMMENDATION

Place a small amount of liquid soap into palm. Bring to a lather with water and massage over skin. Thoroughly rinse off with water.
