## Product Fact Sheet

### Kandesn® Advisor Color Compact Case

#### COLOR AND FASHION ON THE GO

The Kandesn® Advisor Color Compact Case holds 9 eyeshadows and 2 blushes of your choice and includes 3 applicators. Even though they're not "skin care," our eyeshadows and blushes contain concentrated amounts of plant-origin squalane, a skin-nourishing moisturizer that protects and conditions your skin. We never use mineral oil, petroleum by-products, animal oils or animal proteins in any of our Kandesn® products. So go ahead and create your own Kandesn glow with beautiful, good-for-you eye and cheek colors.

#### PHILOSOPHY OF REGENERATION®

Based on the Philosophy of Regeneration®, Sunrider® products are formulated to work in harmony with the skin to promote skin health and natural beauty. Expertly crafted with a wealth of the finest plant extracts from around the world, our skin care contains no mineral oil or animal by-products to ensure pores won't be blocked or suffocated.

#### INGREDIENT HIGHLIGHTS

##### VEGETABLE-ORIGIN SQUALANE

Squalane derived from olive oil has powerful antioxidant properties and delivers a moisturizing effect that helps restore lost oils.

##### VITAMIN E

This vitamin acts as natural preservative and provides protective antioxidant benefits for the skin.

#### FAQS

- Q:** I'm a busy on-the-go woman who often has to attend formal functions after work. Do the Kandesn® color compact sets have enough color range to be able to take me from daytime business to nighttime glamour?
- A:** Yes, each of the three Kandesn® color compact sets contain base colors, accent colors, and contour colors. You can create professional daytime looks, night time glamour looks, and everything in between!
- Q:** Are these shadows easy to blend? I don't have much time to get ready in the morning and I'm not very experienced with makeup application.
- A:** These shadows are so easy to use because the color pigments are so natural. You will find it will take you only a few minutes to apply your eyeshadow and your blush. If you make a mistake or apply it a little too heavily, you can erase it without the pigment staining the skin. This way you can easily create any look you desire.
