SAFELY STREAMLINES THE WAY YOU CLEAN

One bottle... multiple cleaning solutions! Use SunBright® SuperClean™ Household virtually anywhere in your home—in the dishwasher, on glass, on your car, on almost any type of floor—even carpet. It's specially formulated to exclude the toxic chemicals you find in most cleaning products, and it's highly concentrated—a little bit goes a long way in keeping your house sparkling clean and toxin free.

PHILOSOPHY OF REGENERATION®

The formula for SunBright® SuperClean™ Household is based on the Philosophy of Regeneration®, which synergizes thousands of years of Chinese herbal research with cutting-edge Western science. Developed by owner expertise, Sunrider's trade-secret manufacturing process of extraction and concentration creates potent products using natural ingredients. Used in Sunrider's manufacturing facilities, SunBright® SuperClean™ Household is highly concentrated, so you only need a small amount to get great results.

INGREDIENT HIGHLIGHTS

LEMONGRASS OIL

This natural cleanser is also known for its ability to repel insects, such as mosquitoes and ants, due to its high citral and geraniol content. Its refreshing scent also makes it a valuable aromatherapeutic oil.

TEA TREE OIL

One of the most popular of the essential oils, tea tree oil is one of the strongest natural antiseptics. It has a clean, crisp, refreshing scent.

FAQS

Q: Does SunBright® SuperClean™ Household actually work?

A: Yes! A cleaning product doesn't need harsh, toxic chemicals to make your home clean and beautiful. SunBright® SuperClean™ Household's hero ingredient tea tree oil has been celebrated for its cleansing properties for hundreds of years; why not try it in your home now?

RECOMMENDATION

Use 5 mL (about a teaspoon) per dishwasher load.

Use 5 mL mixed with water in an SR Spray Bottle to mop floors, clean tile, wood, and vinyl, or wash the car.

Use 5 mL mixed with water in an SR Spray Bottle to shampoo small areas of carpet.

Use .5 mL mixed with water in an SR Spray Bottle to clean glass.

Use full strength as a stain remover. Pre-treat stains for 10 minutes, rub, and rinse with water.
