

# Evergreen®

## CHLOROPHYLL CONCENTRATE

Sunrider's Evergreen® is a highly concentrated liquid herbal food product rich in chlorophyll, the nutrient-rich 'life's blood' of plants that allows sunlight to be converted into energy. A high concentration of chlorophyll addresses the body's circulatory and digestive systems. If

you were to consume green, leafy vegetables in order to achieve the effect of one bottle of Evergreen®, you would need to eat a tremendous amount, hardly possible in a regular meal.

### The Evergreen® Advantage

- All natural, highly concentrated, no chemical additives.
- Unique and effective formula researched and developed with owner expertise.
- Evergreen® is exclusively formulated and based on the Philosophy of Regeneration® to maintain optimum health through proper nutrition and keeping the body in balance.

### How to use

Add one 15 mL bottle of Evergreen® to 250 mL of Fortune Delight®, water or other Sunrider® Herbal Beverage and enjoy during the day.

### What's in it

Evergreen® is a concentrated mixture of Water, Licorice, Chlorophyll, Iron, Zinc and Peppermint Oil.
