- Free of sugar, gelatin, gluten, and preservatives
- Highly concentrated for effectiveness

KEEP YOUR BREATH SWEET AND SUGAR-FREE

Big date? Important lunch meeting? Sunny Days® drops are made for those times when you need fresh breath, fast. They're formulated with herbal ingredients that deliver an immediate burst of crisp, mint flavour without sugar, chemicals, artificial additives, or animal by-products. Sugary breath mints can actually make your breath worse, because sugar feeds the bacteria that makes your breath smell bad. Since Sunny Days® contain no sugar, they are extra effective, and don't cause cavities. Keep a tin of these highly concentrated mints in your desk, car, or bag for those times when you need fresh breath...without the sugar.

PHILOSOPHY OF REGENERATION®

The formula for Sunny Days® is based on the Philosophy of Regeneration®—the belief that we should nourish and cleanse the body with the best nutrition to reach balance, and thus optimal health. Our bodies are designed to recognize whole foods as nourishment, which is why Sunny Days® uses highly concentrated natural ingredients to help freshen your breath and promote healthy oral hygiene.

INGREDIENT HIGHLIGHTS

CINNAMON OIL

This popular culinary spice is rich in iron and calcium.

EUCALYPTUS

This tree oil boasts a cooling, woody smell.

MENTHOL

Also known as peppermint, this herb has a popular fresh scent and taste and can be used as a digestive and respiratory aid.

THYME OIL

This popular savory cooking herb is high in antioxidants.

FAQS

Q: Why should I use a sugar-free breath mint like Sunny Days® Herbal Mouth Drops?

A: Regular mints usually contain sugars that are harmful to teeth and actually feed smelly bacteria, making your breath worse in the long run. Sunny Days® mints are sugar-free and made from highly concentrated natural oils that freshen breath and even assist in alleviating nausea and motion sickness.

RECOMMENDATION

Dissolve one drop in your mouth whenever you want fresh breath.
