

Product Fact Sheet

Dr. Chen® Youth Masque

OWNER EXPERTISE
FORMULATION

SELF-MANUFACTURED

MADE WITH NATURAL
INGREDIENTS

BENEFITS

- Provides instant hydration
- Leaves skin feeling soft, smooth, and supple
- Dramatically reduces the appearance of fine lines and wrinkles
- Formulated without mineral oil or other synthetic oils

INSTANT HYDRATION, LASTING RESULTS

This deeply refreshing and “thirst quenching” cream-gel mask delivers instant moisturising benefits and beautifying botanicals to upper epidermal layers, leaving skin looking hydrated, firm, and lifted. By locking in moisture, our masque softens skin and improves suppleness. And Dr. Chen® Youth Masque goes beyond moisturisation, nourishing skin with revitalising nutrients for firmer, more resilient skin. It works wonders on all skin types and is a great choice for both men and women.

PHILOSOPHY OF REGENERATION®

Based on the Philosophy of Regeneration®, Dr. Chen® Youth Masque is formulated to work in harmony with the skin to promote skin health and natural beauty. It nourishes the skin with numerous plant-based ingredients and contains no animal or petroleum byproducts.

INGREDIENT HIGHLIGHTS

SALICYLIC ACID

This ingredient aids in the process of exfoliation by eliminating surface skin cells and opening up pores. This reduces the number of pore blockages and breakouts on the skin.

SHEA BUTTER

The concentration of natural vitamins and fatty acids in shea butter makes it incredibly nourishing and moisturising for skin. It's often used to remedy dry skin and to help protect the skin's natural oils. It also supports the skin's natural collagen production.

SQUALANE

Derived from olive oil, this premium-grade squalane works wonders on all skin types, helping to hydrate and protect the skin, fight wrinkle formation, and prevent premature aging of the skin.

FAQS

Q: Does Dr. Chen® Youth Masque take the place of Oi-Lin® Clay Mask and Kandesn® Revitalizing Mask?

A: No. Dr. Chen® Youth Masque is a hydrating mask, not a cleansing mask. It can also be used as a “sleeping mask,” worn overnight to provide deep hydration to moisture-depleted skin cells.

Q: Can I use Dr. Chen® Youth Masque during the day?

A: Feel free to use the mask whenever you need a surge of moisture that lasts and lasts. However, nighttime is when skin is in reparative mode, so you'll reap bigger beauty benefits if applied at night. It's also great when you are travelling by plane when the skin tends to dry out.

RECOMMENDATION

Normal skin: Use once every day (usually in the evening) after cleansing and toning. Generously apply masque to face, neck, and décolleté (upper chest area, including the neck, cleavage, and shoulder areas). Product does not need to be washed off.

Intensive treatment: For dehydrated skin, apply a layer of masque over your moisturiser twice a day for one week, or longer as desired. Product does not need to be washed off.
