

Product Fact Sheet

Kandesn® Mini Color Compacts

COLOR AND FASHION ON THE GO

It's time to update your beauty look, so step out of your comfort zone and try these sensational new colors. Kandesn® Mini Color Compacts are small enough to tuck into any purse and include a tiny mirror that makes touch-ups a breeze. So go ahead and create your own Kandesn glow with beautiful and skin-nourishing eye and cheek colors. They'll help bring out the beauty of your eyes and give a hint of blush. The colors glide onto the skin and never settle into lines or wrinkles.

PHILOSOPHY OF REGENERATION®

Kandesn® cosmetics are made with the finest natural ingredients and are great for your skin. Even though they're not "skin care," our eyeshadows and blushes contain concentrated amounts of plant-origin squalane, an amazing moisturizer that protects and conditions your skin, plus protective antioxidants and skin-nourishing nutrients. We never use mineral oil, petroleum by-products, animal oils or animal proteins in any of our Kandesn® products.

INGREDIENT HIGHLIGHTS

VEGETABLE-ORIGIN SQUALANE

Squalane derived from olive oil has powerful antioxidant properties and delivers a moisturizing effect that helps restore lost oils.

VITAMIN E

This vitamin acts as a natural preservative and provides protective antioxidant benefits for the skin.

TITANIUM DIOXIDE

An earth mineral used to protect skin from UVA and UVB radiation, it's considered to have virtually zero risk of skin irritation, which makes it great for use on sensitive skin. It's also non-comedogenic, so it won't clog pores and cause or worsen acne.

FAQS

Q: What makes this product better than other products?

A: Sunrider® products are different. All of our products, including our cosmetics, are designed to nourish, cleanse, and balance your body. Our Kandesn® Mini Color Compacts are formulated to work with your skin's natural biology. We use moisturizing botanical oils like jojoba seed and squalane and antioxidant vitamins to nourish and protect the skin. So not only do our cosmetics make your skin look naturally flawless, they help your skin work better.

Q: What's inside the case?

A: Each Kandesn® Mini Color Compact holds two eyeshadows and one blush of your choice, and includes two applicators. Swap out your favorite colors for the perfect look each day!
