

Sunectar® and SunnyDew®

LIQUID HERB FOOD CONCENTRATE

If you're ready to give your favourite drinks and recipes an extra boost without the use of sugar or artificial sweeteners, then you're ready to try SunnyDew® or Sunectar®, Sunrider's two unique liquid herb food concentrates. Created with the all-natural flavours of the Chrysanthemum flower and Yerba Dulce, which have been used for centuries in South American and Asian cultures, these two unique herbal concentrates will entice and delight you.

Sunectar®

- Unique and effective
- Strong colour and herbal taste

SunnyDew®

- Highly concentrated and all natural
- Clear in colour and little aftertaste

Both

Made without the use of a chemical reaction process which may alter the natural structure of the ingredients

How to use

Use one or more drops added to your favourite herbal beverage or plain water for a delicious drink. Also use it in baking for a unique flavour in your favourite recipes.

What's in it

Sunectar® Water, Yerba Dulce leaf extract, Boxthorn and Chrysanthemum flower

SunnyDew® Water, Yerba Dulce leaf extract and Chrysanthemum flower
