MOISTURIZE, BEAUTIFY, AND PROTECT

Kandesn® Lip Colour Palettes feature six beautiful lip colours that can take you from daytime business to nighttime glamour, or anywhere in between. Our Lip Colours are made with high-quality ingredients such as vegetable-origin squalane and vitamins C & E. These non-irritating ingredients will protect your lips against free radical damage, and the botanical emollients will help keep your lips moisturised and protected.

The two palettes are versatile and portable, so they're the perfect makeup tools to pop in your carry-on when traveling. A combination of your favourite Kandesn® Lip Colours are at your fingertips, all housed in a beautiful kit with a mirror and a blending bowl. Have fun and get creative by blending a couple of your favourite colours to create personalized hues that coordinate with your outfit.

PHILOSOPHY OF REGENERATION®

Because women inadvertently ingest their lipsticks while wearing them, Sunrider has created a vegetable-based lipstick that's completely safe and "good enough to eat." Our Lip Colours are made with skin-friendly, plant-based ingredients such as vegetable-origin squalane—a premium-quality natural oil that works in harmony with the body's own oils.

INGREDIENT HIGHLIGHTS

CASTOR SEED OIL

A type of vegetable oil, castor seed oil is used as an emollient to maintain soft, supple lips and skin.

An emollient rich in vitamin E, wheat germ oil enhances the appearance of dry or damaged skin by reducing flaking and restoring suppleness.

VEGETABLE-ORIGIN SQUALANE

Squalane derived from olive oil has powerful antioxidant properties and delivers a moisturising effect that helps restore lost oils.
