

Product Fact Sheet

SunBright® SuperClean™ Laundry

GET CLEAN, SOFT LAUNDRY THE NONTOXIC WAY

The typical laundry detergent is loaded with toxic chemicals. Why would you want those on your clothes, or floating through the air in your home? Clean your clothes naturally and safely with Sunrider's SunBright® SuperClean™ Laundry. It's formulated without toxic chemicals, dyes, or artificial fragrances, and it's gentle enough for delicate fabrics yet tough on stains and odors. SunBright® SuperClean™ Laundry is highly concentrated; just half a capful gets a regular load of laundry clean, bright, and fresh.

PHILOSOPHY OF REGENERATION®

The formula for SunBright® SuperClean™ Laundry is based on the Philosophy of Regeneration®, which synergizes thousands of years of Chinese herbal research with cutting-edge Western science. Developed by owner expertise, Sunrider's trade-secret manufacturing process of extraction and concentration creates potent products using natural ingredients. SunBright® SuperClean™ Laundry is highly concentrated, so you only need a small amount to get great results. And its gentle formula makes it ideal for people with sensitive skin.

INGREDIENT HIGHLIGHTS

LEMONGRASS OIL

Lemongrass oil is an essential oil with a light lemon fragrance. Used as an ingredient in natural detergent, it gives clothes a clean citrus scent.

TEA TREE OIL

Tea tree oil is an essential oil that is naturally antiseptic and antifungal. It has a strong refreshing scent.

- Laundry soap containing natural ingredients
- No toxic chemicals or artificial fragrances
- Eco-friendly
- No dyes
- Highly concentrated

FAQS

Q: Why should I use natural laundry soap?

A: Ordinary laundry soaps contain toxic chemicals that you can come in contact with through your clothing, and by accidentally inhaling them while doing laundry. Some common dangerous ingredients include sodium lauryl sulfate/sodium laureth sulfate, dioxanes, nonylphenol ethoxylate, and phosphates. Not only are these ingredients carcinogenic, they can also contaminate waterways and harm the environment.

RECOMMENDATION

Use 30 mL per regular load of laundry. Pre-treat stains with SunBright® SuperClean™ Laundry for 5 minutes. Rub and wash. Add SunBright® SuperClean™ Laundry as washer fills with water, then add laundry. For heavily soiled loads, add more SunBright® SuperClean™ Laundry.
