

Product Fact Sheet

Dr. Chen® Men's Formula®

FOR CONFIDENCE AND WELL-BEING

This unique formula is designed to provide mature men with a safe, all-natural way to maintain a healthy prostate and urinary tract, an essential aspect of every man's health and well-being. Made with a proprietary blend of ingredients, including saw palmetto fruit, it's free of hormones, chemicals, and synthetic additives.

PHILOSOPHY OF REGENERATION®

Many companies claim a certain "miracle" ingredient can cure ailments. The reality is one type of ingredient won't provide a solution—in fact, it can create an unhealthy imbalance. Based on Sunrider's Philosophy of Regeneration®, Dr. Chen® Men's Formula® uses a select array of beneficial herbs that interact synergistically to support a healthy prostate and urinary tract in men.

INGREDIENT HIGHLIGHTS

SAW PALMETTO

An extract derived from the deep purple berries of the saw palmetto fan palm (*Serenoa repens*), saw palmetto may help alleviate difficulty urinating and urinating too frequently.

LUTEIN

Lutein is present in the blood serum, where it may have antioxidant effects to promote cardiovascular health. Antioxidants like lutein may help to prevent the peroxidation of fats and cholesterol in the blood, thereby reducing plaque buildup in arteries.

LYCOPENE

This antioxidant is present in red- and pink-colored fruits and vegetables and has been shown to have prostate, heart, blood pressure, bone health, and other benefits.

FAQS

Q: What are prostate problems?

A: The prostate is a walnut-sized gland in men. But with age, the prostate slowly increases in size, and this can cause problems. For men over the age of 50, the prostate disease most often encountered is benign prostatic hyperplasia (BPH). This prevents urine from flowing easily from the bladder to the outside of the body. Although this condition is benign—it disrupts sleep and can even cause serious problems requiring treatment.

Q: Why choose Dr. Chen® Men's Formula® for prostate health?

A: Most other brands that claim to support prostate health use only a single ingredient, but Dr. Chen® Men's Formula® uses multiple beneficial herbs for a synergistic effect. This advanced formula effectively enables men to enjoy a good night's sleep without the disturbance of frequent urination. It's formulated with a precise blend of saw palmetto fatty acids and natural antioxidants, such as lutein and lycopene. The natural ingredients are carefully combined for absolute safety and super-concentrated for maximum effectiveness.

RECOMMENDATION

One or two capsules three times per day as desired.

OWNER EXPERTISE
FORMULATION
